

Industries Using Total Vapor Systems

Whenever you invest in a new product you want to make a reasonable return on your money in as short a time frame as possible. The first questions will be ...

- ◆ Where will I find my customers?
- ◆ Why would they buy my product?

The following is a partial list of the industries that can and do use vapor cleaning solutions. We will also list several of the benefits that these industries can expect when they use our equipment. This list is not exhaustive, but will illustrate the potential markets for vapor cleaning solutions. Wherever some one has a cleaning requirement that emphasizes cleanliness and sanitation, but must still be effective and efficient, vapor cleaning can meet their needs.

Restaurants and Convenience Stores

- ◆ Removes dirt, mold and mildew from refrigerator gaskets
- ◆ Cleans and defrosts refrigerator fins and coils
- ◆ Effectively and easily cleans grease and dirt from gaskets and joints of restaurant appliances and tools (can opener blades and mixers)
- ◆ Cleans and restores deep fryers
- ◆ Safely and effectively cleans tile and grout
- ◆ Cleans salad bars, walk-in freezers and refrigerators without removing food (*no chemicals - just water!*)
- ◆ Softens and removes grease and wax build-up from baseboards
- ◆ Cleans storage bins and shelves
- ◆ Removes grease build-up from vents and fans
- ◆ Removes and cleans dirt from areas where chemicals are not permitted
- ◆ Cleans and sanitizes restrooms - sinks, toilet bowls, urinals and floors
- ◆ Cleans gum and dirt from upholstery, tables and chairs
- ◆ Easily and effectively cleans prep areas and work stations
- ◆ Cleans and sanitizes storage and serving areas
- ◆ Cleans and removes grease from hoods
- ◆ Cleans windows, mirrors and display cases
- ◆ Cleans return air ducts
- ◆ Cleans thresholds, door tracks and entryways
- ◆ Cleans and sanitizes counter tops and cutting surfaces
- ◆ Cleans linoleum and tile floors
- ◆ Cleans blinds and other windows treatments in place

- ◆ Removes nicotine and tar residue
- ◆ It spot cleans deep carpet stains
- ◆ It cleans walls of all types without leaving them wet
- ◆ It cleans equipment wheels and other hard-to-reach surfaces

Health & Fitness Centers

- ◆ Safely and effectively cleans tile and grout better than any other method
- ◆ Removes nicotine and tar residue
- ◆ Cleans and restores non-skid bathtub bottoms to their natural color
- ◆ It spot cleans deep carpet stains
- ◆ Cleans and sanitizes all health & fitness equipment
- ◆ Cleans gum and dirt from upholstery, tables and chairs
- ◆ Cleans windows and mirrors without streaking
- ◆ Cleans thresholds, door tracks and entryways
- ◆ Removes and cleans dirt from areas where chemicals are not permitted
- ◆ Cleans and sanitizes restrooms - sinks, toilet bowls, urinals and floors
- ◆ Easily and effectively cleans prep areas and work stations
- ◆ Cleans and sanitizes food preparation and service areas
- ◆ Cleans return air ducts
- ◆ It cleans walls of all types without leaving them wet
- ◆ Cleans and sanitizes linoleum and tile floors
- ◆ Cleans blinds and other windows treatments in place
- ◆ Cleans elevator tracks
- ◆ Cleans mattresses - sanitizes them and removes stains and odors
- ◆ Cleans mildew and mold from walls, pools, decks and spas

In-Home Medical Care Personnel

- ◆ Cleans and sanitizes nebulizers, oxygen equipment, stretchers and wheelchairs
- ◆ Cleans patient rooms (bed rails, rug spotting, privacy curtains, bed frames and floors)
- ◆ Quickly cleans and sanitizes mattresses and bedding
- ◆ Deodorizes and sanitizes bathrooms (toilets, sinks, bathtubs, mirrors, and windows)
- ◆ Cleans and sanitizes patient equipment (walkers, bedpans, wheelchairs, gurneys, and other ambulatory equipment)
- ◆ Effectively cleans and sanitizes equipment
- ◆ Cleans and sanitizes food preparation and service areas
- ◆ Quietly cleans blinds and draperies in place
- ◆ Cleans tile and grout better than any other method
- ◆ Quickly and thoroughly spot cleans carpet stains
- ◆ Kills and removes mildew, mold, fungus and their odors

- ◆ Removes stains and chemical residue
- ◆ Degreases and restores floors (linoleum & tile)
- ◆ Softens and removes old wax build-up from floors, hallways, stairs and baseboards
- ◆ Cleans walls, pools, decks, whirlpools and spas
- ◆ Cleans hard to reach areas such as (air conditioning filters and return vents)
- ◆ Restores luster to chrome and removes dust, dirt and body oils
- ◆ Easily cleans entryways, mats and outdoor carpet
- ◆ Cleans and removes stains from upholstery
- ◆ Removes nicotine and tar residue
- ◆ Safely cleans walk-in freezers without removing food
- ◆ Cleans and removes dirt from areas where chemicals are not permitted
- ◆ Cleans equipment wheels and other hard-to-reach surfaces

Leisure Industry

- ◆ Safely and effectively cleans tile and grout better than any other method
- ◆ Removes nicotine and tar residue
- ◆ It spot cleans deep carpet stains
- ◆ Cleans restrooms - sinks, toilet bowls, urinals, floors and showers
- ◆ Cleans gum and dirt from upholstery, tables and chairs
- ◆ Cleans windows and mirrors without streaking
- ◆ Cleans thresholds, door tracks and entryways
- ◆ Removes and cleans dirt from areas where chemicals are not permitted
- ◆ Easily and effectively cleans prep areas and work stations
- ◆ Cleans and sanitizes food preparation and service areas
- ◆ Cleans return air ducts
- ◆ It cleans walls of all types without leaving them wet
- ◆ Cleans linoleum and tile floors
- ◆ Cleans blinds and other windows treatments in place
- ◆ Cleans elevator tracks
- ◆ Cleans mattresses - sanitizes them and removes stains and odors
- ◆ Cleans mildew and mold from pools, decks and spas

Professional Janitorial Services

- ◆ Kills bacteria and mold spores on contact in the tiniest cracks and crevices
- ◆ Cleans and removes dirt from walls and baseboards
- ◆ Degreases and restores floors (even linoleum)
- ◆ Kills and removes mildew, mold, fungus and their odors
- ◆ Quickly and thoroughly spot cleans carpet stains

- ◆ Cleans elevator tracks and metal thresholds
- ◆ Cleans restrooms - sinks, toilet bowls, urinals and floors
- ◆ Cleans and removes grease build-up from vents, fans and air ducts
- ◆ Softens and removes wax build-up from floors, hallways, stairs and baseboards
- ◆ Cleans slip-proof tile
- ◆ Cleans blinds and draperies in place
- ◆ Cleans marble walls and floors
- ◆ Cleans tile and grout safely and effectively - better than any other methods
- ◆ Restores fire and smoke damaged areas
- ◆ Cleans gum and dirt from upholstery, tables and chairs
- ◆ Cleans entryways and door tracks
- ◆ Restores aluminum framework
- ◆ Softens and removes any type of wax or grease build-up
- ◆ Cleans mirrors and windows without streaking
- ◆ Removes tar and nicotine residue
- ◆ Removes gum and tar from sidewalks

Public Transportation Companies

- ◆ Kills bacteria and mold spores on contact in the tiniest cracks and crevices
- ◆ Cleans and removes dirt from walls and baseboards
- ◆ Degreases and restores floors (even linoleum)
- ◆ Kills and removes mildew, mold, fungus and their odors
- ◆ Quickly and thoroughly spot cleans carpet stains
- ◆ Cleans restrooms - sinks, toilet bowls, urinals and floors
- ◆ Softens and removes wax build-up
- ◆ Cleans tile and grout safely and effectively - better than any other methods
- ◆ Restores fire and smoke damaged areas
- ◆ Cleans gum and dirt from upholstery, floors and seats
- ◆ Cleans entryways and door tracks
- ◆ Restores aluminum framework
- ◆ Cleans mirrors and windows without streaking
- ◆ Removes tar and nicotine residue
- ◆ Removes vinyl graphics
- ◆ Removes window tint

Medical Care Facilities

- ◆ Cleans patient rooms (bed rails, rug spotting, privacy curtains, bed frames and floors)
- ◆ Quickly cleans and sanitizes mattresses and bedding
- ◆ Deodorizes and sanitizes bathrooms (toilets, sinks, bathtubs, mirrors, and windows)

- ◆ Cleans and sanitizes patient equipment (walkers, bedpans, wheelchairs, gurneys, and other ambulatory equipment)
- ◆ Effectively cleans hospital equipment (food trays and supply carts)
- ◆ Cleans food preparation and service areas
- ◆ Cleans waiting rooms, lounges, and other high traffic areas
- ◆ Quietly cleans blinds and draperies in place
- ◆ Cleans tile and grout better than any other method
- ◆ Quickly and thoroughly spot cleans carpet stains
- ◆ Kills and removes mildew, mold, fungus and their odors
- ◆ Removes stains and chemical residue
- ◆ Degreases and restores floors (linoleum & tile)
- ◆ Softens and removes old wax build-up from floors, hallways, stairs and baseboards
- ◆ Cleans walls without leaving them wet
- ◆ Cleans elevator tracks and metal thresholds
- ◆ Cleans pools, decks, whirlpools and spas
- ◆ Cleans hard to reach areas such as (air conditioning filters and return vents)
- ◆ Restores luster to chrome and removes dust, dirt and body oils
- ◆ Easily cleans entryways, mats and outdoor carpet
- ◆ Cleans and removes stains from upholstery
- ◆ Removes nicotine and tar residue
- ◆ Safely cleans walk-in freezers without removing food
- ◆ Cleans and removes dirt from areas where chemicals are not permitted

Pet Shops, Dog Groomers & Veterinarians

- ◆ Cleans examining rooms (tables, rug spotting, bed frames and floors)
- ◆ Sanitizes all surfaces to insure disease control
- ◆ Quickly cleans, sanitizes and removes odors from animal storage facilities
- ◆ Deodorizes and sanitizes bathrooms (toilets, sinks, bathtubs, mirrors, and windows)
- ◆ Cleans and sanitizes medical equipment & supply carts
- ◆ Cleans waiting rooms, lounges, and other high traffic areas
- ◆ Quietly cleans blinds and draperies in place
- ◆ Cleans tile and grout better than any other method
- ◆ Quickly and thoroughly spot cleans carpet stains
- ◆ Kills and removes mildew, mold, fungus and their odors
- ◆ Removes stains and chemical residue
- ◆ Degreases and restores floors (linoleum & tile)

- ◆ Softens and removes old wax build-up from floors, hallways, stairs and baseboards
- ◆ Cleans walls without leaving them wet
- ◆ Cleans elevator tracks and metal thresholds
- ◆ Cleans hard to reach areas such as (air conditioning filters and return vents)
- ◆ Restores luster to chrome and removes dust, dirt and body oils
- ◆ Easily cleans entryways, mats and outdoor carpet
- ◆ Cleans and removes stains from upholstery
- ◆ Cleans and removes dirt from areas where chemicals are not permitted

Large Multi-National Organizations

- ◆ Kills bacteria and mold spores on contact in the tiniest cracks and crevices
- ◆ Cleans and removes dirt from walls and baseboards
- ◆ Degreases and restores floors (even linoleum)
- ◆ Kills and removes mildew, mold, fungus and their odors
- ◆ Quickly and thoroughly spot cleans carpet stains
- ◆ Cleans elevator tracks and metal thresholds
- ◆ Cleans restrooms - sinks, toilet bowls, urinals and floors
- ◆ Cleans and removes grease build-up from vents, fans and air ducts
- ◆ Softens and removes wax build-up from floors, hallways, stairs and baseboards
- ◆ Cleans slip-proof tile
- ◆ Cleans blinds and draperies in place
- ◆ Cleans marble walls and floors
- ◆ Cleans tile and grout safely and effectively - better than any other methods
- ◆ Restores fire and smoke damaged areas
- ◆ Cleans gum and dirt from upholstery, tables and chairs
- ◆ Cleans entryways and door tracks
- ◆ Restores aluminum framework
- ◆ Softens and removes any type of wax or grease build-up
- ◆ Cleans mirrors and windows without streaking
- ◆ Removes tar and nicotine residue
- ◆ Removes gum and tar from sidewalks

Hotels, Motels, Bed & Breakfast

- ◆ Safely and effectively cleans tile and grout better than any other method
- ◆ Removes nicotine and tar residue

- ◆ Cleans and restores non-skid bathtub bottoms to their natural color
- ◆ It spot cleans deep carpet stains
- ◆ Cleans restrooms - sinks, toilet bowls, urinals and floors
- ◆ Cleans return air ducts
- ◆ Cleans gum and dirt from upholstery, tables and chairs
- ◆ Cleans windows and mirrors without streaking
- ◆ Cleans thresholds, door tracks and entryways
- ◆ Removes and cleans dirt from areas where chemicals are not permitted
- ◆ Easily and effectively cleans prep areas and work stations
- ◆ Cleans and sanitizes food preparation and service areas
- ◆ It cleans walls of all types without leaving them wet
- ◆ Cleans linoleum and tile floors
- ◆ Cleans blinds and other windows treatments in place
- ◆ Cleans elevator tracks
- ◆ Cleans mattresses - sanitizes them and removes stains and odors
- ◆ Cleans mildew and mold from walls, pools, decks and spas

Nursing Homes

- ◆ Cleans patient rooms (bed rails, rug spotting, privacy curtains, bed frames and floors)
- ◆ Quickly cleans and sanitizes mattresses and bedding
- ◆ Deodorizes and sanitizes bathrooms (toilets, sinks, bathtubs, mirrors, and windows)
- ◆ Cleans and sanitizes patient equipment (walkers, bedpans, wheelchairs, gurneys, and other ambulatory equipment)
- ◆ Effectively cleans hospital equipment (food trays and supply carts)
- ◆ Cleans food preparation and service areas
- ◆ Cleans waiting rooms, lounges, and other high traffic areas
- ◆ Quietly cleans blinds and draperies in place
- ◆ Cleans tile and grout better than any other method
- ◆ Quickly and thoroughly spot cleans carpet stains
- ◆ Kills and removes mildew, mold, fungus and their odors
- ◆ Removes stains and chemical residue
- ◆ Degreases and restores floors (linoleum & tile)
- ◆ Softens and removes old wax build-up from floors, hallways, stairs and baseboards
- ◆ Cleans walls without leaving them wet
- ◆ Cleans elevator tracks and metal thresholds
- ◆ Cleans pools, decks, whirlpools and spas
- ◆ Cleans hard to reach areas such as (air conditioning filters and return vents)
- ◆ Restores luster to chrome and removes dust, dirt and body oils
- ◆ Easily cleans entryways, mats and outdoor carpet

- ◆ Cleans and removes stains from upholstery
- ◆ Removes nicotine and tar residue
- ◆ Safely cleans food areas without removing food
- ◆ Cleans and removes dirt from areas where chemicals are not permitted

Schools and Universities

- ◆ Perfect for quick student housing and classroom cleaning
- ◆ Deodorizes and sanitizes bathrooms (toilets, sinks, bathtubs, mirrors, and windows)
- ◆ Effectively cleans and sanitizes athletic and training equipment
- ◆ Cleans and sanitizes food preparation and service areas
- ◆ Cleans and sanitizes waiting rooms, lounges, and other high traffic areas
- ◆ Quietly cleans blinds and draperies in place
- ◆ Cleans tile and grout better than any other method
- ◆ Quickly and thoroughly spot cleans carpet stains
- ◆ Kills and removes mildew, mold, fungus and their odors
- ◆ Removes stains and chemical residue
- ◆ Degreases and restores floors (linoleum & tile)
- ◆ Softens and removes old wax build-up from floors, hallways, stairs and baseboards
- ◆ Cleans walls without leaving them wet
- ◆ Cleans elevator tracks and metal thresholds
- ◆ Cleans pools, decks, whirlpools and spas
- ◆ Cleans hard to reach areas such as (air conditioning filters and return vents)
- ◆ Restores luster to chrome and removes dust, dirt and body oils
- ◆ Easily cleans entryways, mats and outdoor carpet
- ◆ Cleans and removes stains from upholstery
- ◆ Removes nicotine and tar residue
- ◆ Safely cleans walk-in freezers without removing food
- ◆ Cleans and removes dirt from areas where chemicals are not permitted

High Technology Companies

For the controlled environment where contamination, particulate removal or bacteria reduction is critical. Steam vapor (260° F Surface contact, 94% dry) sanitizing, cleaner with simultaneous extraction - all in one unit. Cleans any type of hard surface flooring (including tacky floors), walls, ceilings and windows. Replaces many chemicals, mops and cleaning accessories while reducing labor costs plus doing a superior cleaning job. Proven lab test results show that the bio-burden is reduced dramatically allowing your disinfectant to be used much more effectively.

- ◆ Leaves surfaces dry instantly
- ◆ Chemical free
- ◆ Clean, sanitize and dries quickly
- ◆ Unsurpassed contamination and bacteria control

For all industries that require clean manufacturing technology, including:

- ◆ Pharmaceutical / cosmetics
- ◆ Electronics / printed circuits / sensors / relays / switches
- ◆ Semiconductor / ICs / hybrids / flat panel displays
- ◆ Aerospace / defense
- ◆ Agriculture / food
- ◆ Computers and peripherals
- ◆ Disk drives / CDs / DVD / other magnetic media
- ◆ Healthcare
- ◆ Chemical
- ◆ Lasers / optics / solar devices
- ◆ Metal parts / components / precision tooling
- ◆ Photography / photo duplication / printing / holography
- ◆ Medical device manufacturing
